

RSB/RSV Kit Update

For reasons of continuous improvement Numatic International Ltd has implemented a change across **RSB/RSV** models in both machines and boxed kits to ensure continued quality and consistency of the products.

All **RSB/RSV** machines have changed from aluminium straights to aluminium telescopic wand. the wand bend has changed to black painted aluminium and the floor tool has changed to Pro-Flo PF270 on all machines unless on a customer specific machine.

New Kits contain:

914759 - ALUMINIUM TELESCOPIC WAND 32 X 560 X 940

915195 - 32MM BLACK ALUMINIUM WAND WITH NPC

902923 - 270MM PRO FLO FLOOR NOZZLE
