Hospitality

In a demanding hospitality setting, where cleaning tasks are frequent and often intensive, durability is crucial. Numatic equipment is built to withstand continuous use and is designed to handle the challenges of commercial cleaning.

- » Built to last
- » Reliable and versatile
- » Safer cleaning
- » More time to clean
- » All hours cleaning

There are no second chances when it comes to first impressions. Cleanliness is key to creating a positive, enjoyable and memorable guest experience.

Designed, engineered and made right here in the UK, by the UK's No.1 Commercial Cleaning Equipment Manufacturer, we work with the Hospitality Industry to develop cleaning solutions that meet your needs completely.

From advanced “clean air” solutions to expert floorcare advice and bespoke housekeeping solutions... Our extensive range provides optimum cleanliness, enhanced hygiene and unmissable results, precisely where you need them, with minimal disruption to guests.

244NX-RC

70% LABOUR SAVING
80% LOWER WATER USE

Productivity
in Action

See our independent
product assessment

Often the only solution when cleaning in small and congested areas has been traditional mopping, leaving floors wet with inconsistent results.

The 244NX-RC is the ideal solution for your front-of-house cleaning needs. It's lightweight, easy to use and leaves floors clean, dry, safe and streak-free, whilst reducing labour costs by 70% and water use by 80%.*

“Spotless and
Consistent Results
Across Hard Floors.”

Sustainability in Action

Achieving ambitious sustainability targets requires innovation, action and transparency. These initiatives move us forward in reaching our goals and leading the way in providing sustainable cleaning solutions for our customers.

ReFlo Technology

Many of our products are engineered from our innovative, environmentally sustainable ReFlo Technology. We use the highest quality, recycled, post-industrial plastics, which are diverted from landfill.

The Bigger Picture

We've partnered with **charity: water** to provide water to communities and projects that need it the most. Through every purchase of a 244NX, we donate the equivalent of 5000L of water.

 **charity: water**

Not Just Any Offsetting

We've been reducing our carbon footprint and offsetting global bag sales since 2020. We've partnered with a leading company in carbon offsetting innovation, C Level.
