

Extension Of NX300 Battery Warranty Period

For reasons of continuous improvement and customer satisfaction, Numatic International Ltd has implemented a change across our NX300 Pro Cordless Network. The existing warranty period for NX300 batteries is 1 year, however we have listened to our customers who want confidence in the longevity of their li-ion products.

Following this, Numatic International Ltd have reinforced confidence in the build quality of our products and for this reason have extended the warranty period for the NX300 battery to 3 years.

This is applicable to the NX300 battery only. For the warranty period of your machine, please refer to the user manual or contact to Numatic distributor.

- Battery warranty is subject to terms and conditions.
- Batteries are warranted for 3 years providing all battery care rules are followed (refer to user manual).
- To claim warranty the following details must be supplied:
 - i. Serial number of the machine.
 - ii. Battery date code.
 - iii. Date purchased.
 - iv. Proof of purchase.
 - v. Maintenance history and charging regime.
- Failure to use the correct Numatic charger will void your warranty.
